A WORKING GIRL'S HOPE.

Dear Miss Libbey:-

I am a young girl, working in store. I met a young man three years ago in the store. Ever since he has come steady here. We became friends. One day he asked if my parents alowed me to keep company. I told him no . He kept coming around, we were friends. During vacation the young man wrote and asked to visit me while I was away from home. My people would never know. I was of age; not alone. The lady of the house with me. (She is my relative). Thought it no harm to permit him to come. He left for home I stayed a while longer. He wrote to me. All his letters were in every way gentlemanly came back. He calls at the store tells me most everything about him self. Was good friend until another girl friend of his and mine told false tales about me. After, he came not quite as often, was not so friendly. He went with another girl a while. Is going with the young lady that runs the house wher he is boarding. I would like to know if there is any hope for me? If I should keep trtating him nicely or coolly and give

He seemed to have proved that he is a faithless suitor, and is either fickle or does not know his own mind yet. You had better bring your judgment to see that he has not shown the proper regard for you, nor for the other girls. Do not pin your hopes on one who is a laggard in love. Plenty of mice young men will single you out, and not wait so long to ask you for your heart and hand.
